

HANDLE LOCK SERIES

MZ312-1

MZ312-2A-R

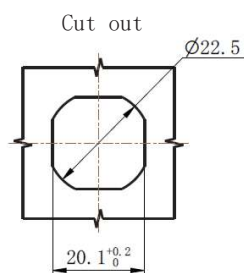

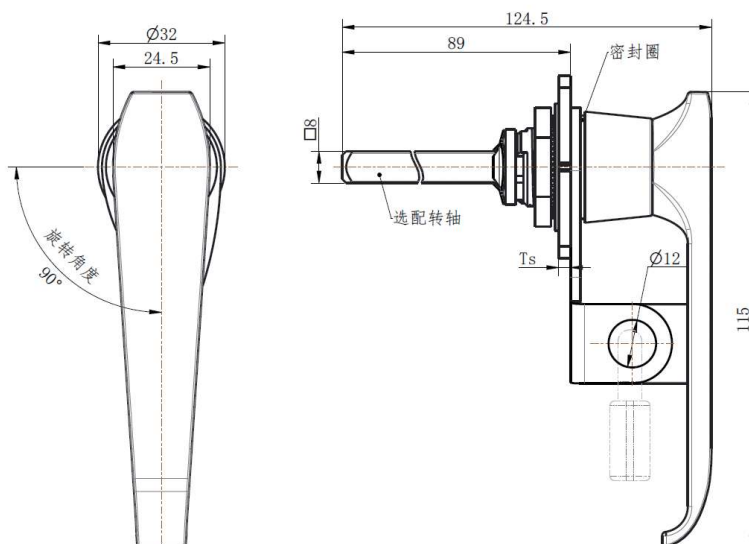

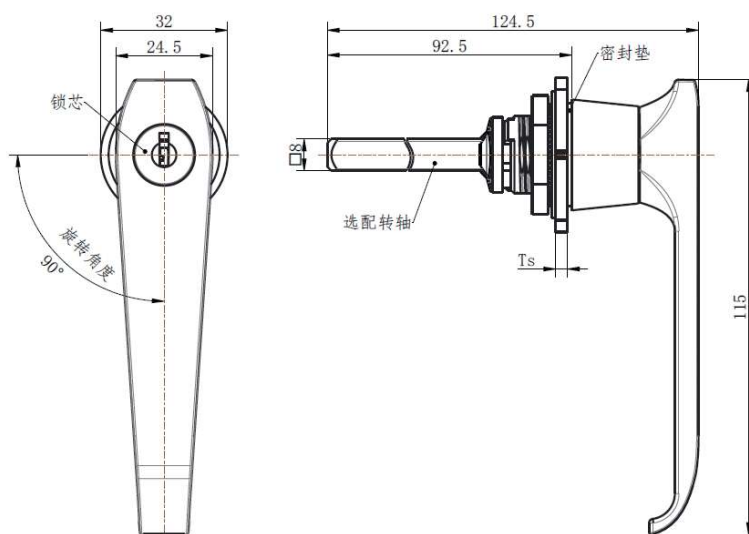

Specification

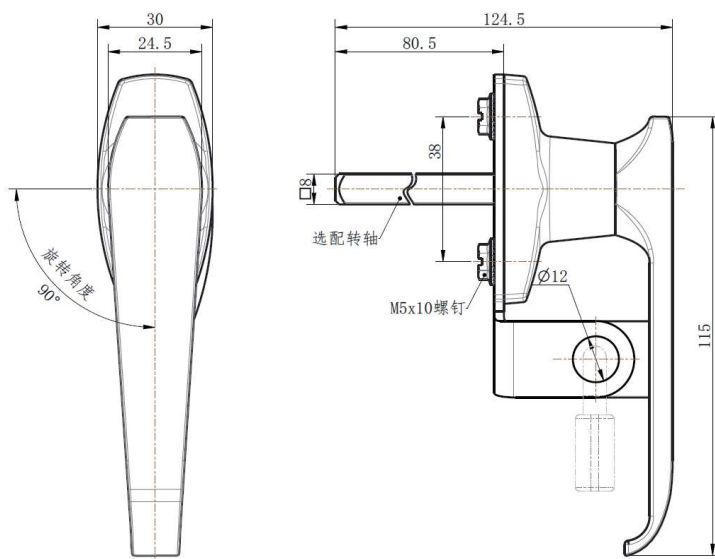

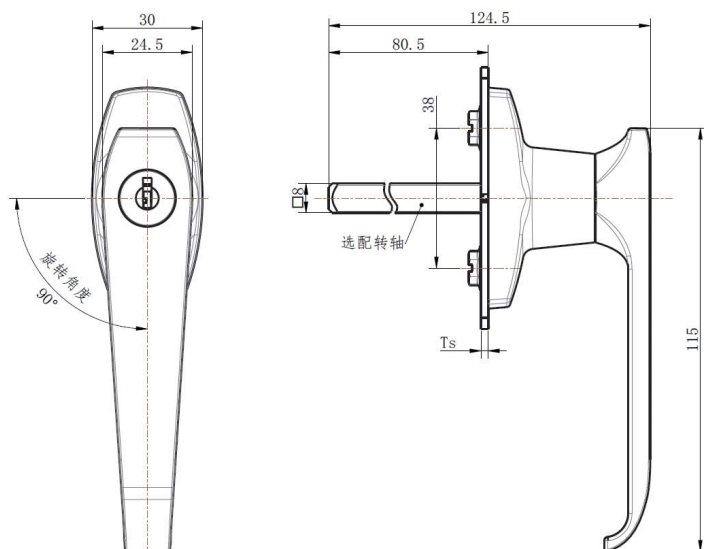

Material: Zinc alloy housing, handle, steel shaft, Nut

Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut

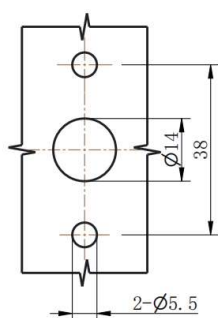

Application: Quarter-turn opening or closing

Specification	Part Number
With lock core	MZ312-1
Without lock core	MZ312-2
Without lock core, with padlock RH	MZ312-2A-R
Without lock core, with padlock LH	MZ312 2 A-L

Cut out

MZ312-3

MZ312-4A-R

Specification

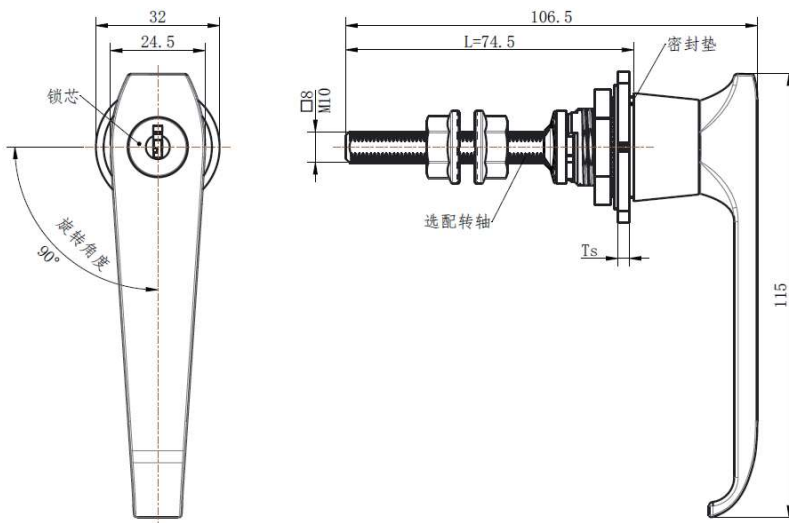

Material: Zinc alloy housing, handle, steel shaft, Nut

Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut

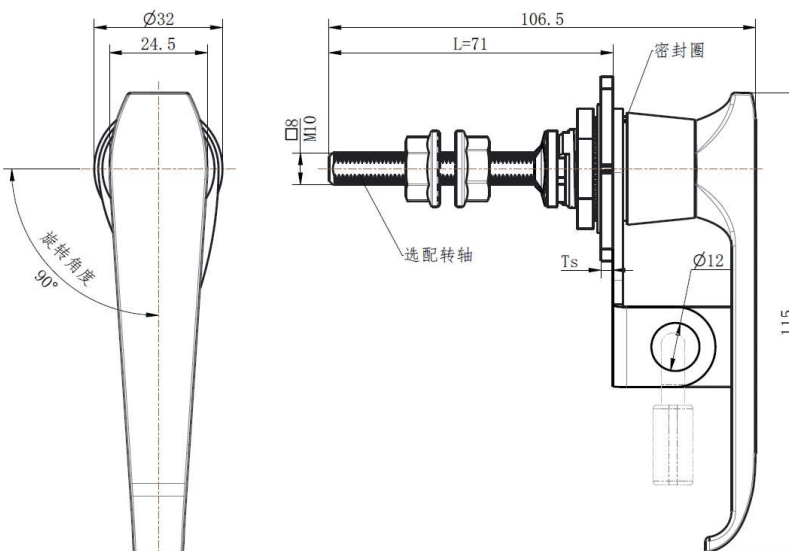

Application: Quarter-turn opening or closing

Specification	Part Number
With lock core	MZ312-3
Without lock core	MZ312-4
Without lock core, with padlock RH	MZ312-4A-R
Without lock core, with padlock LH	MZ312-4A-L

MZ312-1M

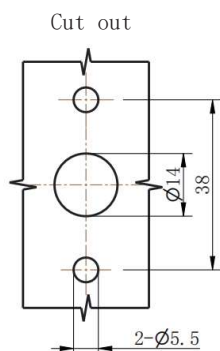

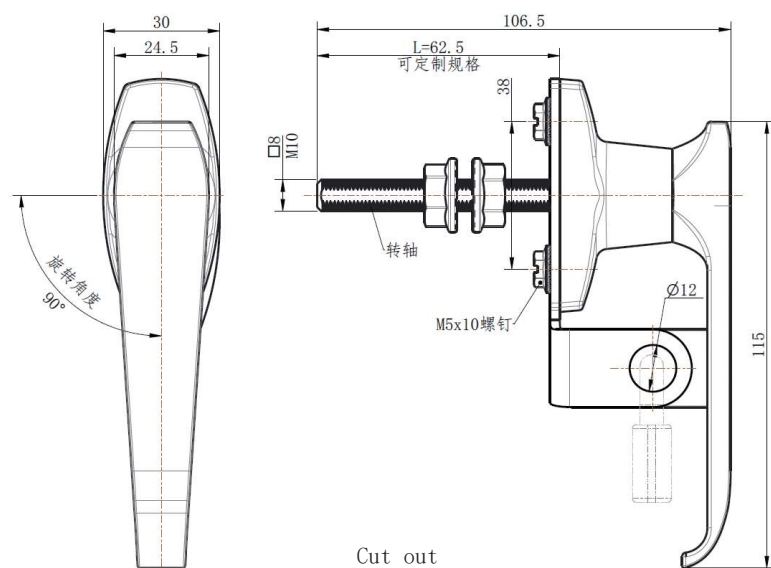

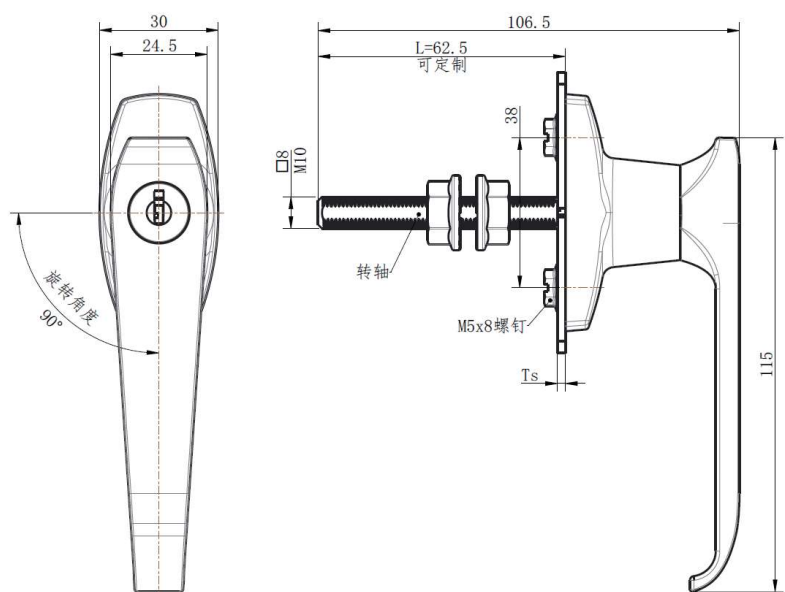

MZ312-2AM-R

Specification

Material: Zinc alloy housing, handle, steel shaft, Nut
 Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut
 Application: Quarter-turn opening or closing

Specification	Part Number
With lock core	MZ312-1M
Without lock core	MZ312-2M
Without lock core, with padlock RH	MZ312-2AM-R
Without lock core with padlock LH	MZ312-2AM-L

MZ312-3M

MZ312-4AM-R

RL

IP65

Specification

Material: Zinc alloy housing, handle, steel shaft, Nut
 Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut
 Application: Quarter-turn opening or closing

Specification	Part Number
With lock core	MZ312-3M
Without lock core	MZ312-4M
Right-opening without lock core	MZ312-4AM-R
Left-opening without lock core	MZ312-4AM-L

MZ314-1

MZ314-2

MZ314-1M

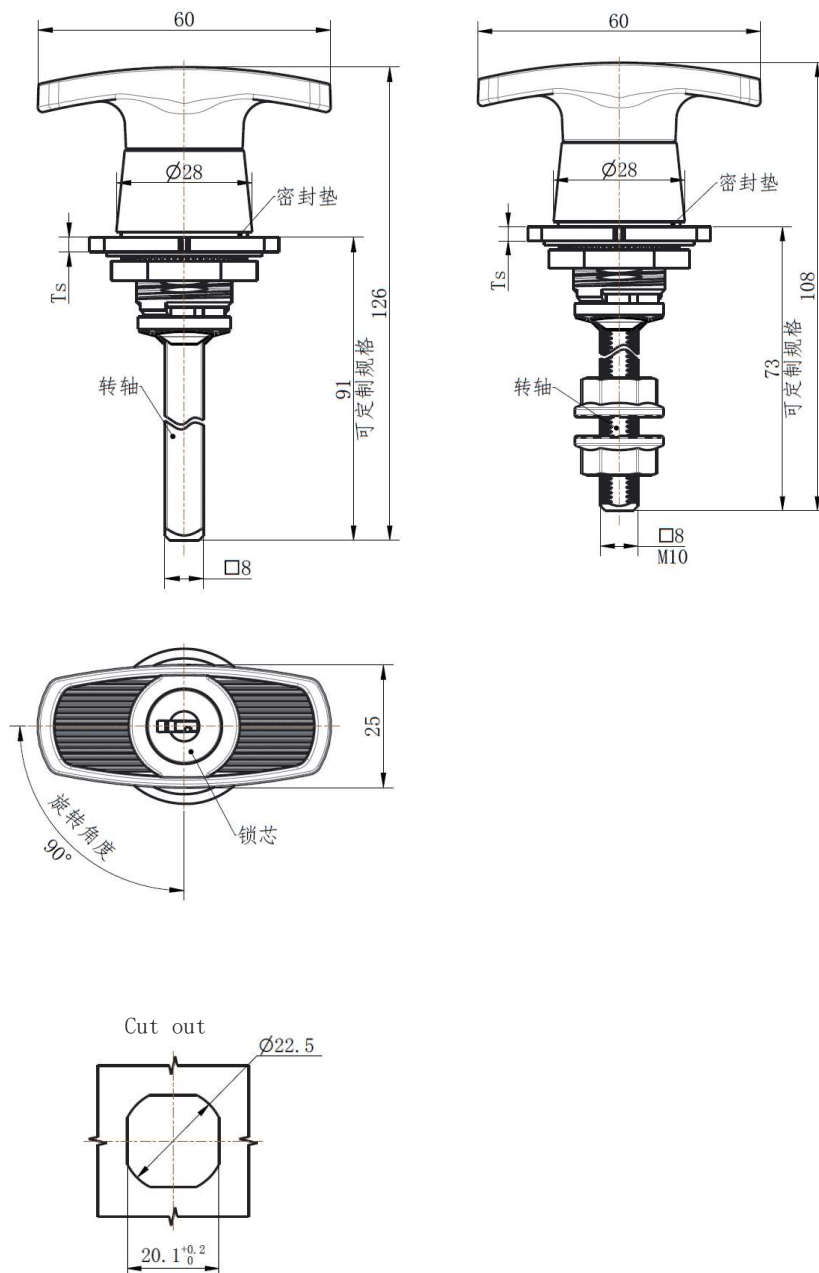

Specification

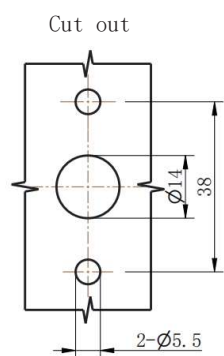

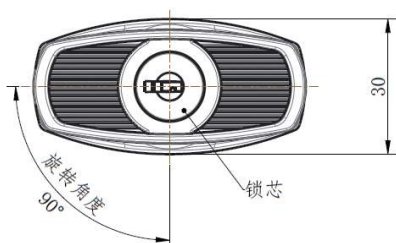

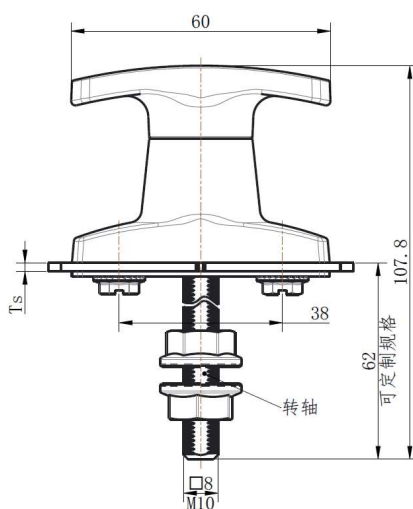

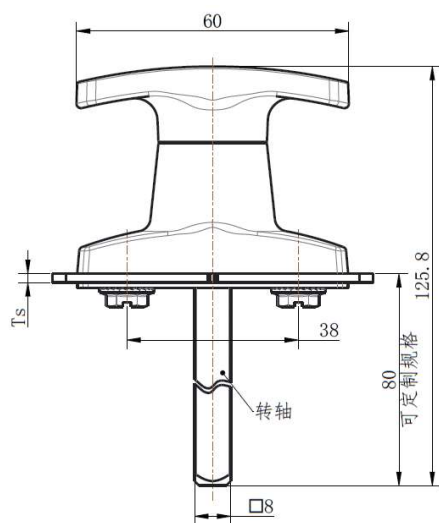

Material: Zinc alloy housing, handle, steel shaft, Nut

Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut

Application: Quarter-turn opening or closing

Specification	Part Number
With lock core	MZ314-1
Without lock core	MZ314-2
Threaded type, with lock core	MZ314-1M
Threaded type, without lock core	MZ314-2M

MZ314-3

MZ314-4

MZ314-3M

Specification

Material: Zinc alloy housing, handle, steel shaft, Nut
 Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut
 Application: Quarter-turn opening or closing

Specification	Part Number
With lock core	MZ314-3
Without lock core	MZ314-4
Threaded type, with lock core	MZ314-3M
Threaded type, without lock core	MZ314-4M

MZ315-3

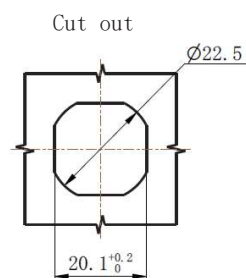

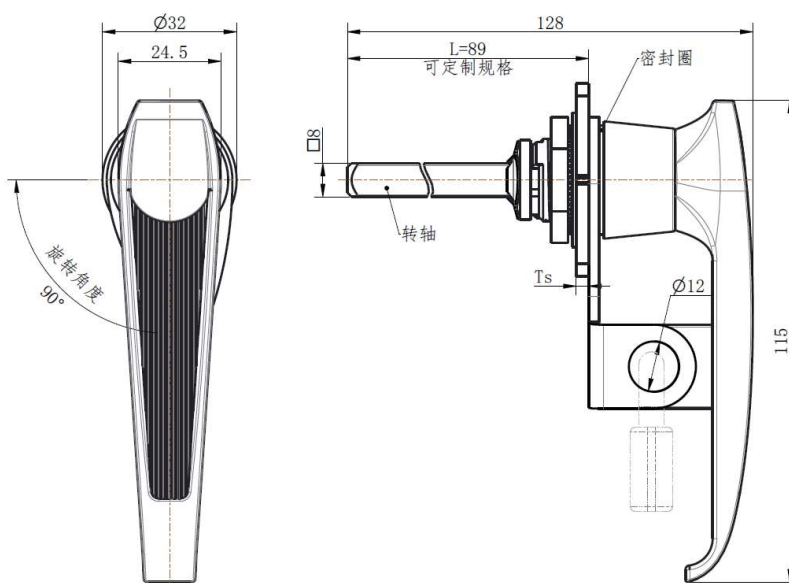

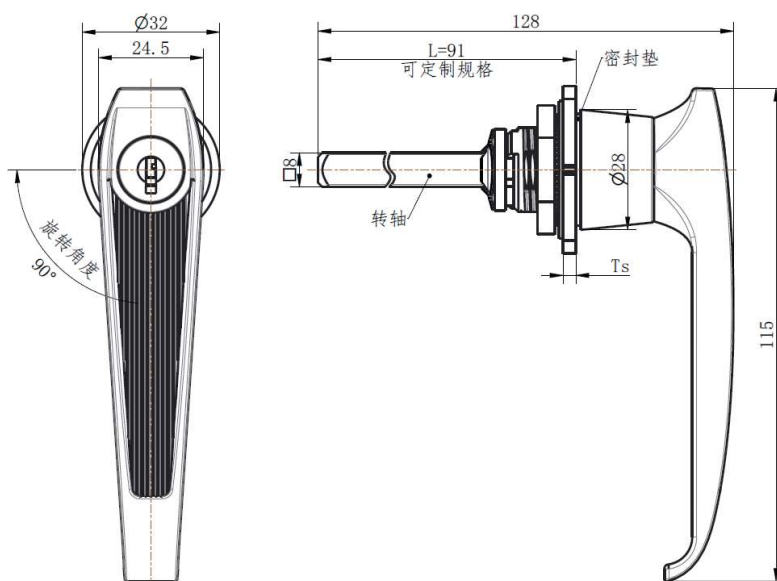

MZ315-4A-R

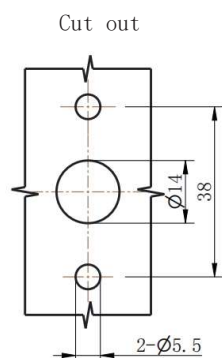

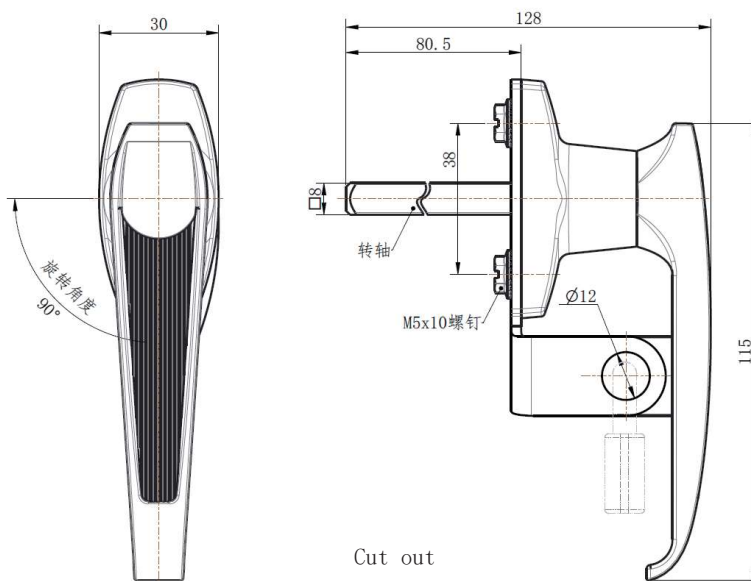

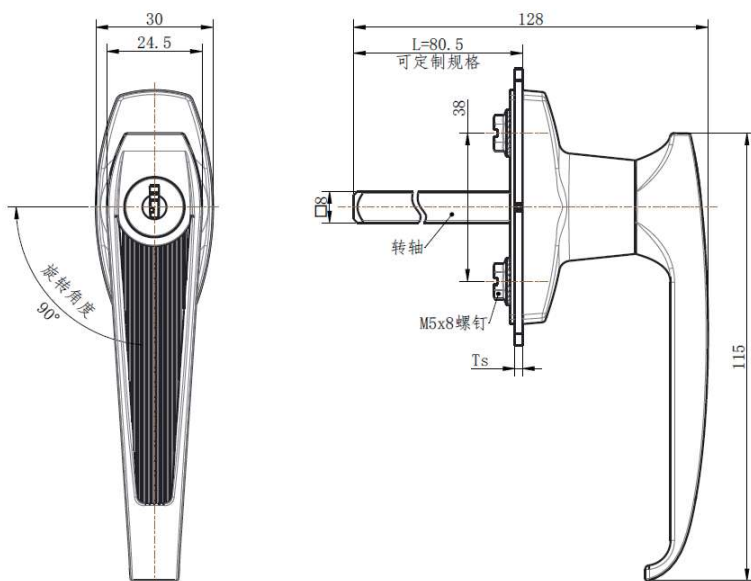

Specification

Material: Zinc alloy housing, handle, steel shaft, Nut
 Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut
 Application: Quarter-turn opening or closing

Specification	Part Number
With lock core	MZ315-3
Without lock core	MZ315-4
Without lock core, with padlock RH	MZ315-4A-R
Without lock core with padlock LH	MZ315-4A-L

MZ315-1

MZ315-2A-R

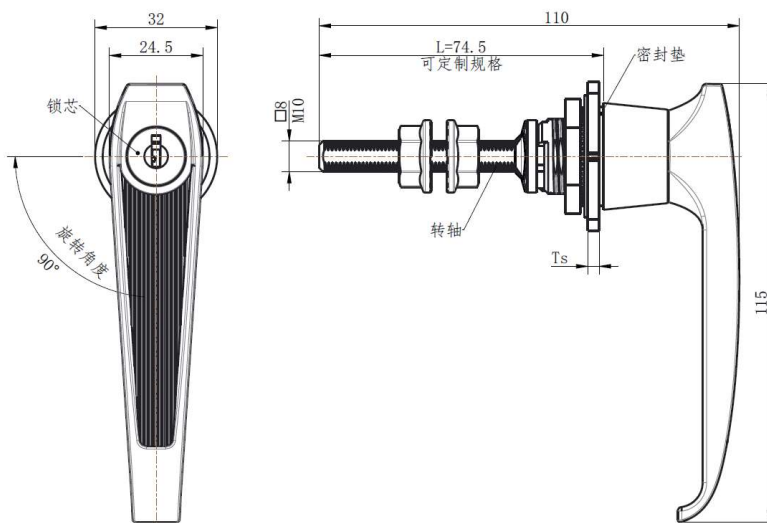

Specification

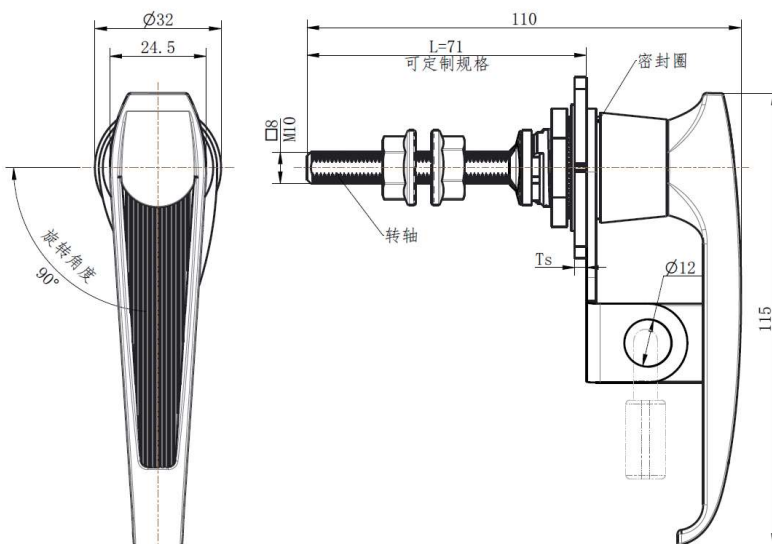

Material: Zinc alloy housing, handle, steel shaft, Nut
 Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut
 Application: Quarter-turn opening or closing

Specification	Part Number
RH with lock core	MZ315-1
RH without lock core	MZ315-2
Without lock core, with padlock RH	MZ315-2A-R
Without lock core with padlock LH	MZ315-2A-L

MZ315-3M

MZ315-4AM-R

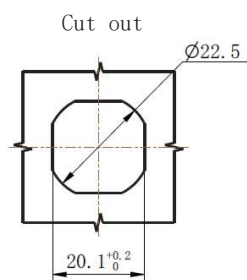

Specification

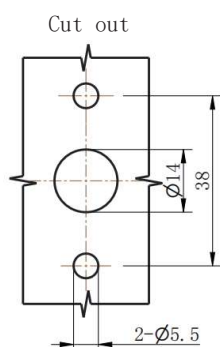

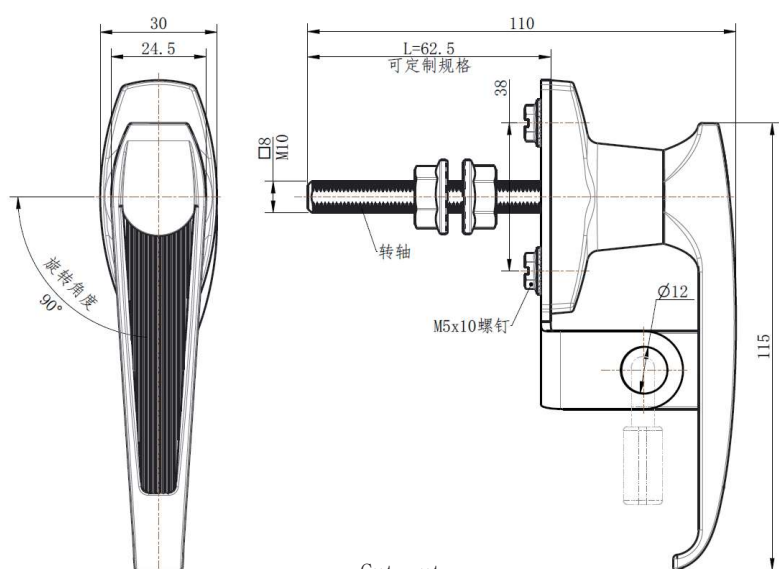

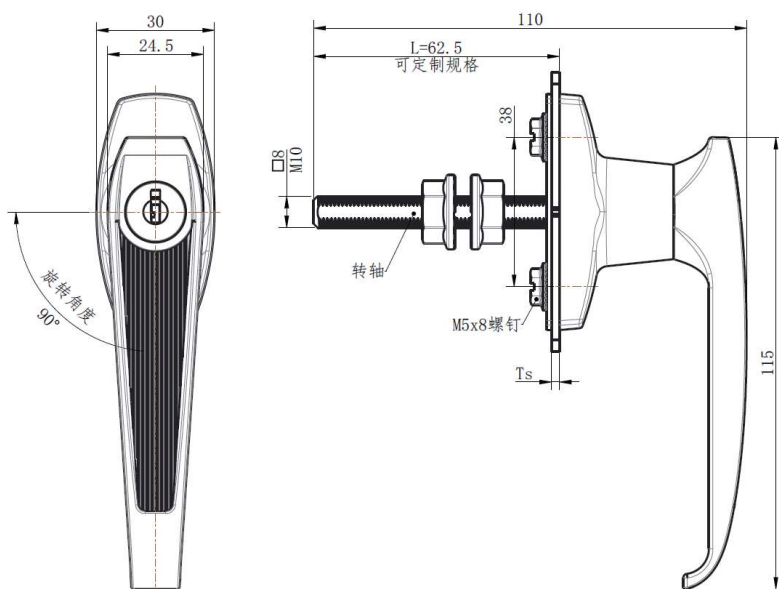

Material: Zinc alloy housing, handle, steel shaft, Nut

Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut

Application: Quarter-turn opening or closing

Specification	Part Number
With lock core	MZ315-3M
Without lock core	MZ315-4M
Without lock core, threaded type with padlock RH	MZ315-4AM-R
Without lock core, threaded type with padlock LH	MZ315-4AM-L

MY315-1M

MY315-2AM-R

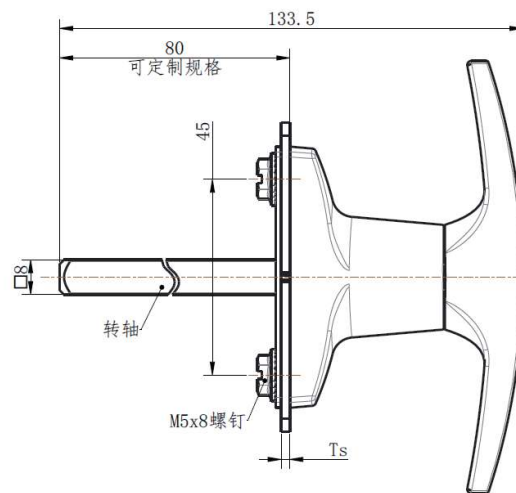

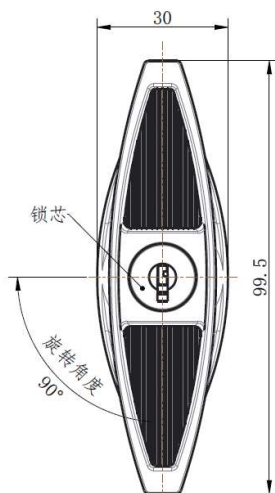

Specification

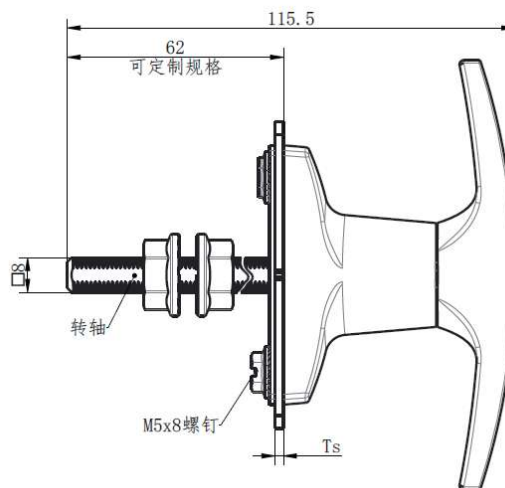

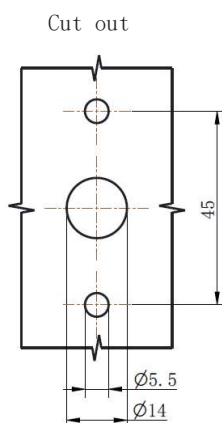

Material: Zinc alloy housing, handle, steel shaft, Nut
 Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut
 Application: Quarter-turn opening or closing

Specification	Part Number
RH with lock core	MZ315-1M
RH without lock core	MZ315-2M
Without lock core, threaded type with padlock RH	MZ315-2AM-R
Without lock core, threaded type with padlock LH	MZ315-2AM-L

MZ316-1

MZ316-2

MZ316-1M

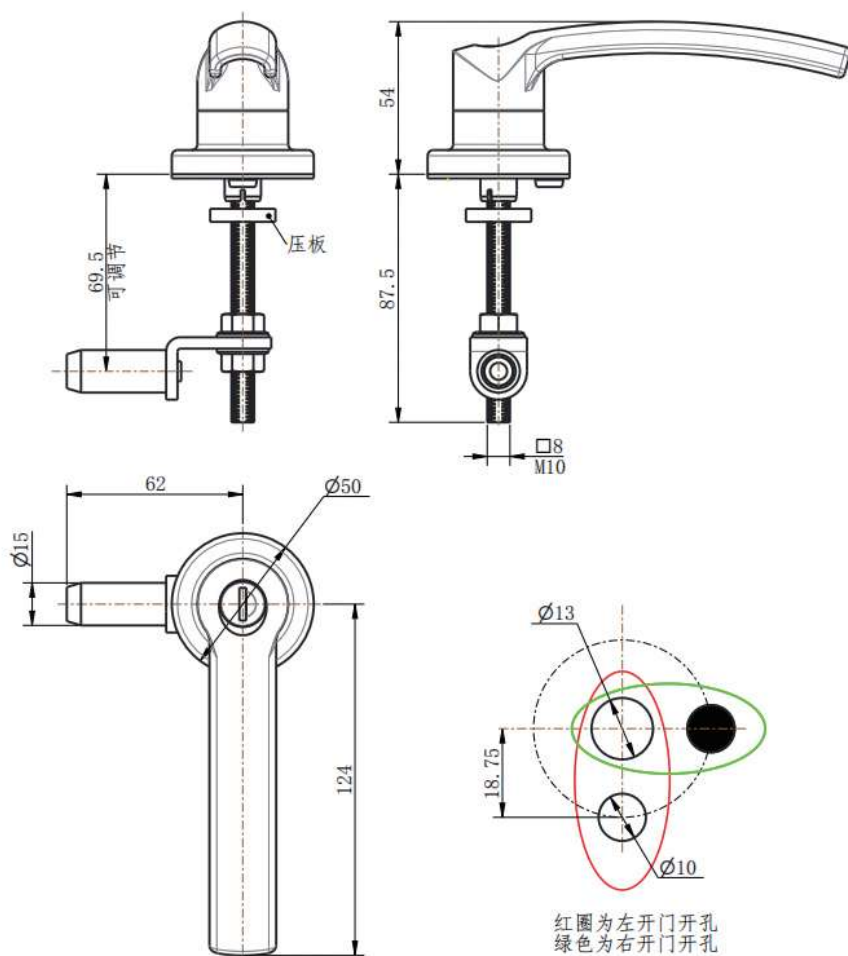

Specification

Material: Zinc alloy housing, handle, steel shaft, Nut

Finish: Bright chrome plated housing, handle, white zinc plated shaft and nut

Application: Quarter-turn opening or closing

Specification	Part Number
With lock core	MZ316-1
Without lock core	MZ316-2
Threaded type, with lock core	MZ316-1M
Threaded type, without lock core	MZ316-2M

The red circle is cut out for LH
The green circle is cut out for RH

MZ320-1

RL

Specification

Material: PA housing, handle,
Zinc alloy lock core, steel shaft
Finish: White zinc plated shaft and
fastenings
Application: Quarter-turn opening or
closing

Part Number

MZ320-1

MZ324-1

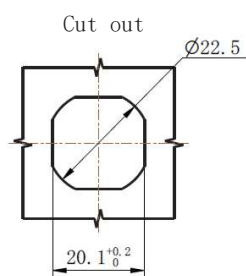

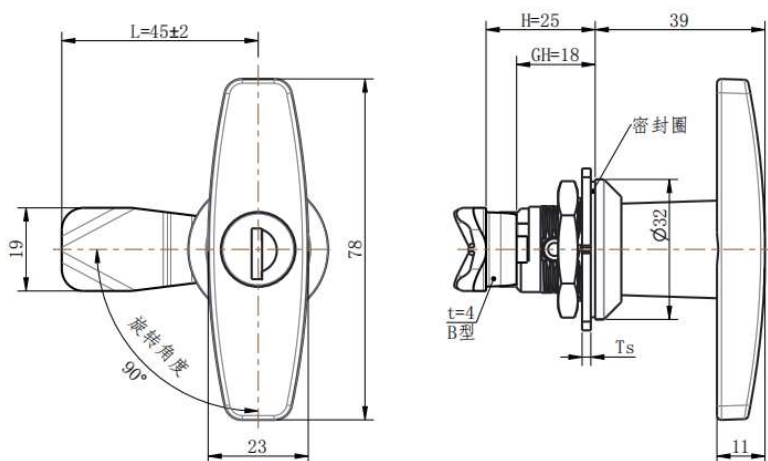

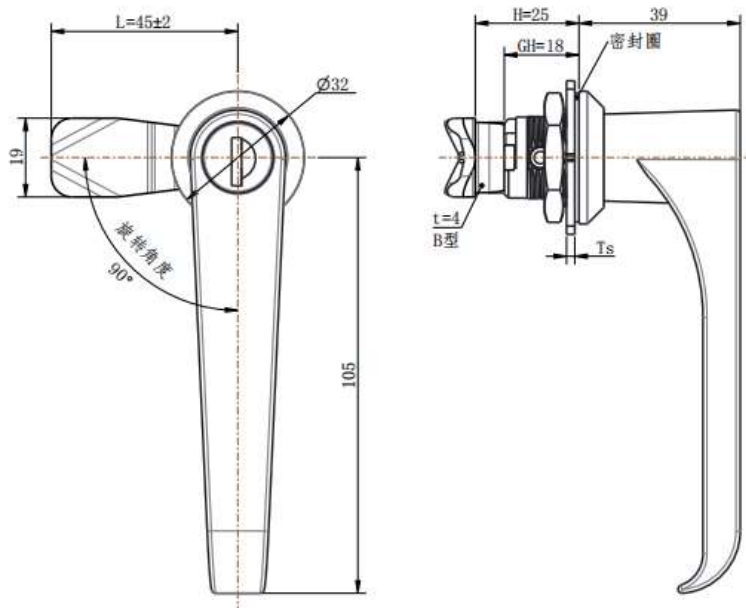

MZ324-2

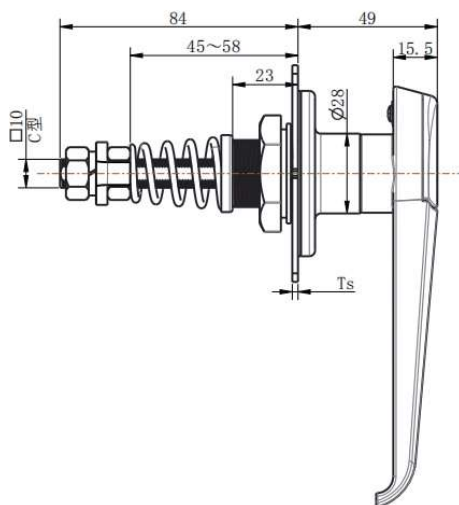

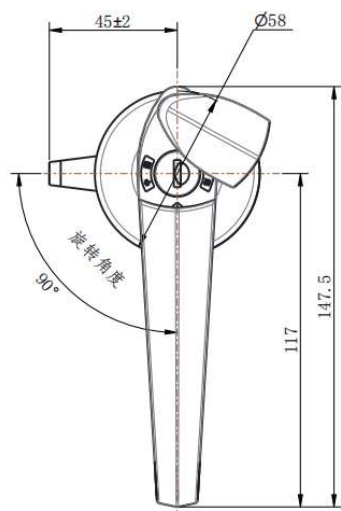

Specification

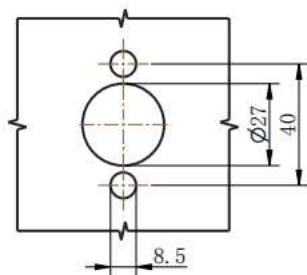

Material: Zinc alloy housing, handle, lock core, steel cam
 Finish: Powder coated (black) handle and housing, white zinc plated cam
 Application: Quarter-turn opening or closing

Specification	Part Number	
	L-shaped handle	T-shaped handle
Zinc alloy with lock core	MZ324-1	MZ324-2
Zinc alloy without lock core	MZ324-1A	MZ324-2A
SUS with lock core	MZ324-1S	MZ324-2S
SUS without lock core	MZ324-1AS	MZ324-2AS

Cut out

MZ807-1

Specification

Material: Zinc alloy housing, handle, lock core and dust cap, steel cam and shaft

Finish: Bright chrome plated housing, handle and dust cap, white zinc plated shaft and cam

Application: Quarter-turn opening or closing

Part Number

MZ807-1

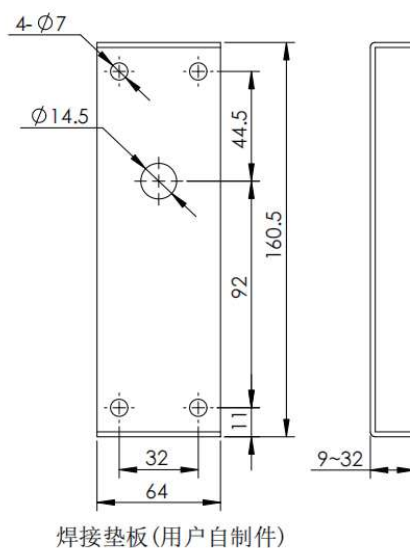

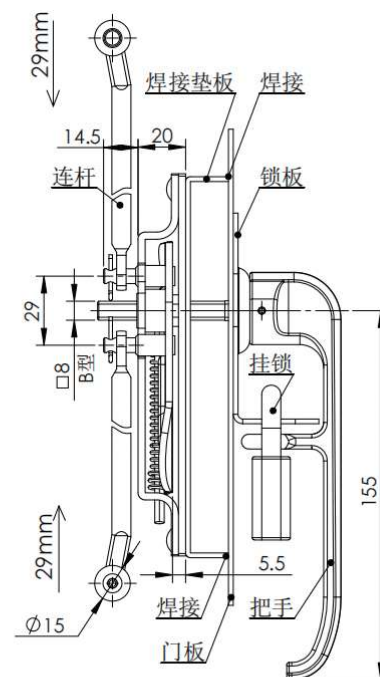

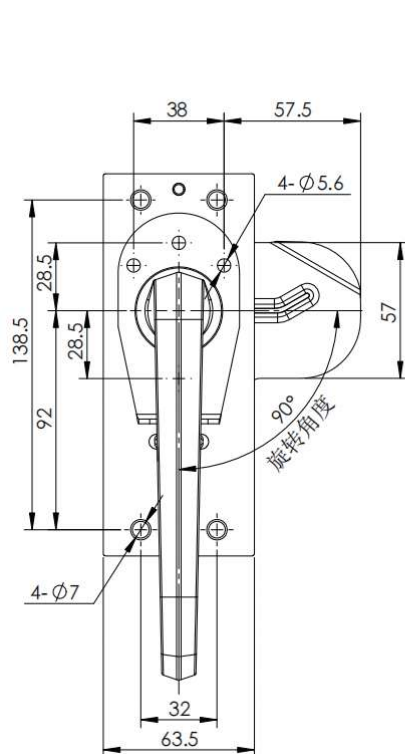

MZ841-1

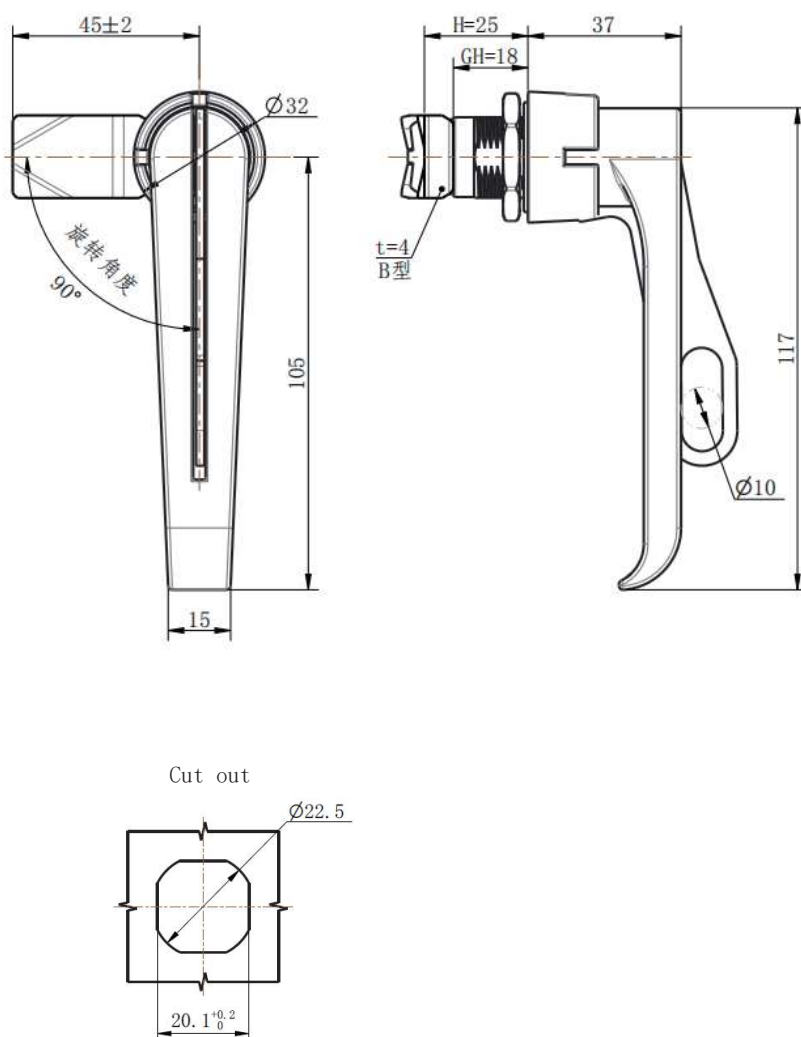

RL

Specification

Material: SUS304 handle and lock panel, steel cam, base plate and support
Finish: Brushed handle, white zinc plated cam, base plate and support
Application: Quarter-turn opening or closing lock panel

Part Number	MZ841-1
-------------	---------

MZ842-1

Specification

Material: Zinc alloy housing, handle, steel cam, SUS304 lock panel
 Finish: Powder coated (black) handle and housing, white zinc plated cam
 Application: Quarter-turn opening or closing

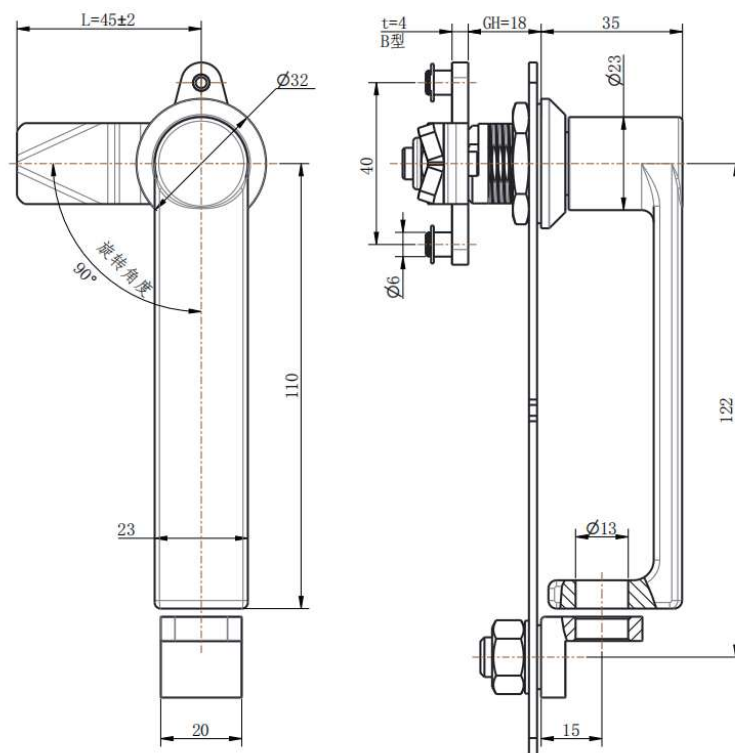

Specification	Part Number
Zinc alloy	MZ842-1
SUS 304	MZ842-1B

MZ868-1B

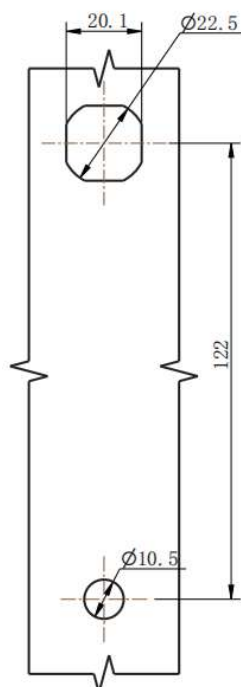

Specification

Material: SUS304
Finish: Wire polishing
Application: Quarter-turn opening or closing

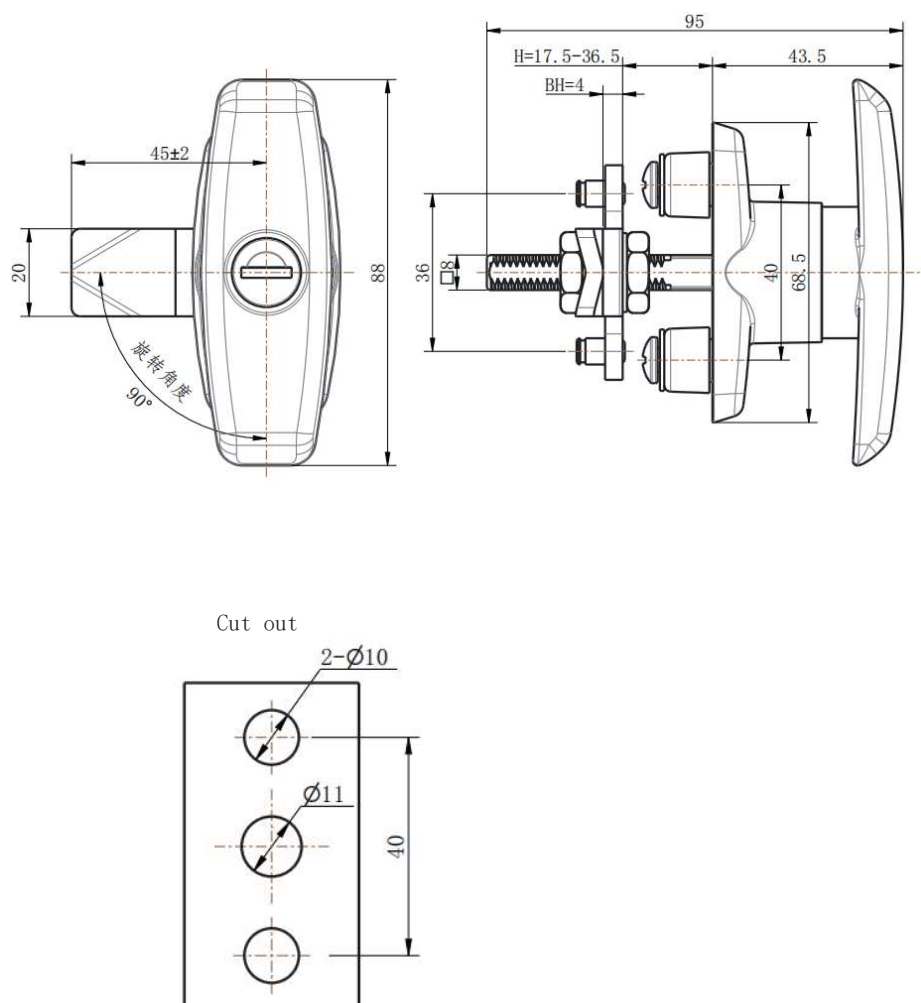

Cut out

Part Number

MZ868-1B

MZ108-1

Specification

Material: PA housing, handle, Zinc alloy lock core, steel shaft, cam
 Finish: White zinc plated shaft and cam
 Application: Quarter-turn opening or closing

Part Number

MZ108-1
